Toronto, August 9th, 1913.

Dr. S. R. Klein,

818 E. 216th St.,

Williamsbridge, New York City, N.Y.

Dear Sir,-

Your letter does not give any details as to the nature of the position that you desire, though I am very doubtful whether there is any opening that would suit you. It is possible that if you were to apply to Professor T. R. Brodie of the Department of Physiology in the University of Toronto, he might be able to give you some information.

Yours sincerely,

President.
